

VERY Portable Graphic Display & Exhibition Stand Systems and Banner & Literature Stands
 promoting Brands & Corporations worldwide

User Guide

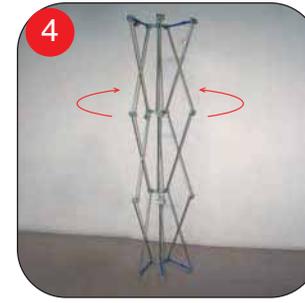

1. Stand frame as shown

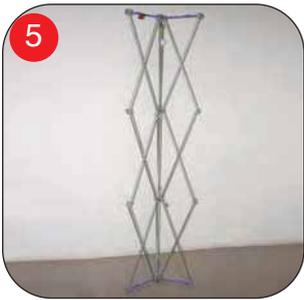

2. Extend frame completely

3. Secure locking bars on both ends

4-5. Stand frame upright and swivel in direction of arrows until frame is "open" completely

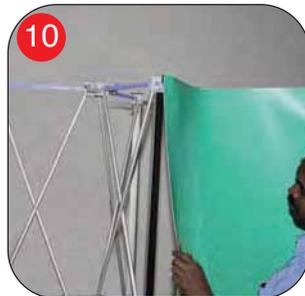

6-7. Insert attached aluminium brackets to two middle hubs to lock the frame in place.

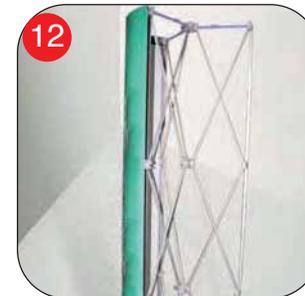

8. Fully erected frame including brackets

9. Attach magbars (x9)

10-12. Hook graphic panel onto hookstuds and attach edge of panel to align with centre of magbar (on both edges of graphic panel). Attach remaining two panels similarly.

System Components

- Pop TowerCircle™ Frame - 1
 - Graphic (or Fabric) Panels - 3
 - Magbar Straight - 9
 - Magtape - 2043mm
- (To be attached flush along bottom edge of panels to provide smoother curves on installed panels)

13. Your Pop TowerCircle™ is now ready for display
